

May 2017 NEWSLETTER

IMPORTANT DATES

May 10 –Track and Field Day

May 9 – Celebrate summer birthdays

May 11 – Last day for preschool

May 16 – Last day of school

Due to the chilly wet spell we are having, our planting day is going to have be spontaneous. I will try to send a note or email the day before. I apologize but we can't predict the weather. Tentatively it will be Tuesday morning, May 3rd. Unfortunately, we are unable to have a Master Gardener this time.

I hope you have had a chance to look at our page on the NDMA website. I am trying to add pictures as I get them so please check often. This is a new endeavor for me so I hope it only gets better! I anticipate that it will be a good communication tool, in the future.

Track and field day is an activity for children who are here Monday through Thursday or Friday. If your child is only here Tuesday through Thursday, he or she will be participating in their normal school day schedule.

The last day of school for all preschool children is May 11th.

We have had such a wonderful year with all your children! Thank you, so much, for choosing our school!

We will be celebrating all summer birthdays on May 10th.
