Summer

By Sam Reitor

It was a nice warm summer, out on the water. A nice view up on the mountains. A nice summer to bike, play, and get projects done.

Audubon

By Zoe Collette

Audubon was fun. There were the wonderful woods, beautiful dorms, the awesome gift shop, and a cool cafeteria. I loved hanging out with my friends in the dorm rooms. The best class was predator/prey. Staying at the Audubon was different, but fun. The toilet was in a different room, the shower was in a different room, and so were the sinks. There was no T.V., no electronics (well the kids didn't have them, anyway). The other classes my class had were a bug's life, team challenge, and recycled art. We learned about the Hinckley fire. We learned about animals. My two favorite animals there were *Mob* the tiny crow, and the cute porcupine. Here is a picture of my dorm-mates, The lights were powered by the sun.

Minnesota – Voyageurs National Park

By Mackenzie Henning

Voyageurs National Park is on the Minnesota border where the United States meets Canada. If you have a passport, you may cross the border into Canada. You can stay on an island or in a cabin or at a resort. The visitor center has exhibits on Voyageurs, Native Americans, the lake's history, and the local wildlife. It has a gift shop with many good things to buy. It shows movies about the pretty park and voyageurs.

The voyageurs were men who paddled in canoes to trade

with Native Americans. They went through rapids. They were very happy.

YEAH for HALLOWEEN

By Zoe Collette

Okay, who's excited for Halloween? I know I am! Does anyone else still trick or treat? I sure do! I hope they give out candy corn. I am going to be Elsa from *Frozen* for Halloween.

Jack-o lanterns are fun. What's your favorite type? I mean like what kind of eyes? What kind of mouth? What kind of nose? I like mine to have triangle eyes, a triangle nose, and a jagged mouth.

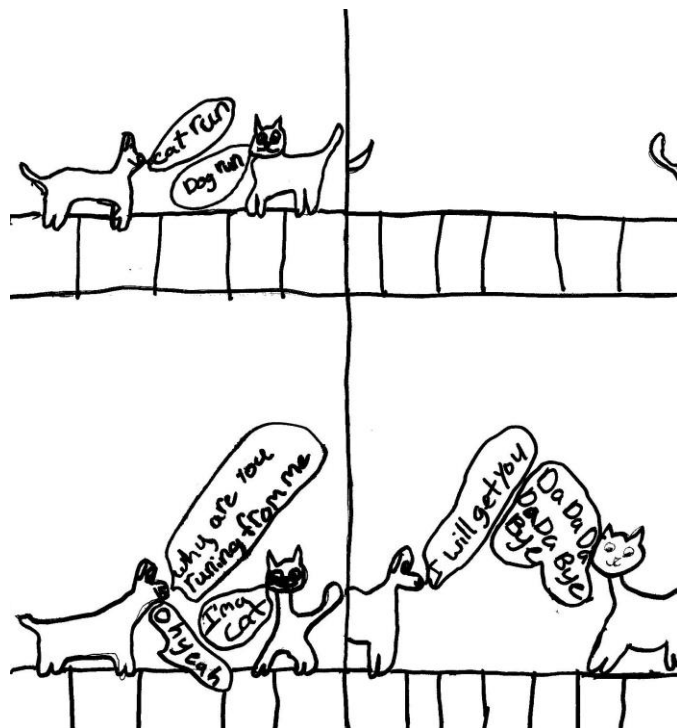

Here are some Halloween costume ideas, just in case:

- King
- Prince
- Frankenstein
- Queen
- Witch
- Vampire
- Zombie
- Ghost

Hope this gives you some ideas. Happy Halloween.
