   e. Marketing Committee Meeting
   f. Policy/Governance Committee Meeting

10. Adjournment 6:28 p.m.

Respectfully submitted,
Tara Erickson
Executive Director Report for NDMA’s Board of Directors – Dave Conrad
Monday, June 20, 2016

1. Application for Grade Level & Site Expansion
   - We submitted another version of an application for grade level expansion last week. Thank you, Kirsten, for your perseverance in this regard. We are not asking for site expansion approval at this time. Tara O., Kirsten and I hope to meet with David Greenberg of ACNW later this week to address any questions he may have before presenting our request to his Board of Directors later this month.

2. Staff Hiring
   - We have offered two classroom positions and one special education teaching position in recent days. I am pleased to announce that two have said “yes:” one classroom teacher (Elementary I), and one special education teacher (placement TBD). They both come with the required credentials and experience. The third candidate is looking at real estate in and around Hutchinson before making her decision.

3. Recycled Materials for Playground Structures
   - I will be taking the Board members for a brief tour of our playground during tonight’s meeting to view the work that has been done recently on our playground. A big “thanks” goes out to the Rettig, Ewert, Sundblad and Berscheid families for making sure the work got done (on some of the hottest days of the year).

4. Summer Learning Discoveries Day Camps
   - We served ten students in our Rube Goldberg Simple Machines day camp the week of June 6th. Thank you, Darcy Cole of McLeod County 4H for facilitating this opportunity for us. We are serving 17 students this week for our first Arts & Crafts day camp. Thank you, parent Denise Schwecke for coordinating this effort for students completing k, 1, 2 & 3.
   - We will offer a basketball skills camp in August for boys and girls in grades four through six.
5. Gardens
   - Thank you Marci Collette, and family, and Stacy Palessoti and family for prepping and planting our gardens (again, on some of the hottest days of the year). I have talked with the local food shelf – just north of us – about whether or not they would like to receive some of the produce from our garden this fall. They offered an enthusiastic “yes.” In addition, Marci and Stacy are planning canning activities for our students this fall in anticipation of a bountiful harvest.

6. Data Update
   - It was encouraging last week to discuss at PLC’s progress towards goals set by individual students from the earlier round of OLPA to the most recent round of MCA’s. Mrs. Kinzler will highlight some of the preliminary data for you at tonight’s meeting.

7. Sections for 2016-17
   - We have determined that enrollment numbers indicate a need to open a second section of Children’s House for the 2016-17 school year. So, instead of continuing with a waiting list, we will be adding students to our roster as they enroll.
   - In addition, numbers warrant having three sections of Elementary I and two sections of Elementary II. As is the case for Children’s House, this means we will be enrolling more first, second and third graders, instead of adding them to a waiting list.
   - We have started a waiting list for Elementary II.

8. “Friends & Family” Enrollment Campaign
   - We have contacted all NDMA families to encourage them to invite friends and family members to visit NDMA and to consider enrollment at NDMA (see letter). I would like to encourage you – as a Board member of NDMA – to do the same.
   - As you may recall, the NDMA Board of Directors took action last month to link maintaining enrollment goals to increased compensation for teachers.
