

LEGO ROBOTICS CLUB

What: Lego Robotics programming demonstration from a Ridgewater Computer System Technology Dept Staff. We will also discuss our club's mission and welcome parents'/students' input. There is a \$5 nominal fee for the duration of the club.

When: Friday, Oct 14, 2016 at 5:00pm (wkly meeting dates to be announced at this meeting)

Who: Boys & girls ages 7-12 (open to the public; child does not need to be a NDMA student)

Where: New Discoveries Montessori Academy

Why: We will learn about engineering & computer programming involved with building robots.

Regular club meetings will be 1-2 hours, 1x/week after school at 5pm. Regular meetings will *not* be a Friday.

**RSVP BY Wednesday, Oct 12. Turn registration form (bottom of this page) in to the "Lego Robotics" folder outside of the Speech Room door (located inside room 321).*

No daycare provided at club meetings. Students need to provide their own snacks during meetings.

Parent volunteers needed! Also, anyone with Robotics knowledge are welcome to help facilitate meetings. Please indicate on form below if parent is able to volunteer. Call Tammy Maiers if you have any questions: 320-309-9685.
