April 3, 2020

Dear NDMA Family, please note the following:

1. *Meals.* Please note that we plan to begin delivering salads next week with some of the meals. Of course, this depends on whether our food suppliers can deliver the food items we have ordered. For example, they were not able to deliver the quantity of dairy products we requested this week. Of course, we will modify our menu based on the supply. We have also ordered microwavable containers so we can send home some hot food items that can be warmed up in the microwave. This will begin the week of April 14th.
2. *Reuse of Distance Learning Bags.* As mentioned yesterday, please be prepared to have the *Distance Learning* bag we sent to you this week available for the Courier to pick up on Monday when they drop off a new bag of Distance Learning materials. You may place library books and/or student work that you would like your child's Teacher to review. Even if you don't have anything to put in the bag, we would like to reuse it for a future delivery to your family.
3. *Technology.* If you don't have internet, please note that a generous donor has stepped up to provide an ATT internet "hot spot" for a limited number of families who do NOT currently have internet access. This will provide internet connectivity for your household for April and May at no cost to your family. Please contact me if you are interested in finding out if you are eligible. (dave.conrad@newdiscoveries.org)
4. Beginning next week, I will NOT provide daily *Family Letters*. I will, however, reach out to you once or twice each week. In the interim, please contact me or someone in our office if you have any questions or concerns.

Dave Conrad
