August 20, 2020

Dear Parent/Guardian,

With today's updated 14-day COVID-19 Case Rate increasing again, many of you are concerned about whether this impacts our Learning Plan. I have a consult scheduled with the Minnesota Department of Health tomorrow morning to discuss our plans to continue offering *On-site Learning* for everyone. Based on school occupancy loads for COVID-19 restrictions, New Discoveries Montessori Academy's facility is large enough, and our cohorts small enough to continue offering *On-site Learning* for everyone. We will confirm this tomorrow. I will send an update early tomorrow afternoon.

We will also post an update on our webpage tomorrow afternoon.

Thank you for your patience as we navigate this process.

Sincerely,

Dave Conrad
Executive Director
